Dear Mr Weisberg:

Thank for your answer. It really got the job done - my faith in you is total. I'm sorry about redink, staples & sideways scribble - I do get carried away & will do better. I'm so glad the clippings really helped. The N.O. T-P. Personal ad - re: "Nov 22. Info - cs running 3rd Sunday - & no double weekdays, which I don't see - so person is persistent. I do hope it isn't a trap & a box # & blind return will bring the information in. But I am rather overly cautious & you may approach it differently. I do notice Garrison feels the same about phone tapping as I do - so I'm not to alone in my suspicions.

As usual, for NBC - one shot & CBS - 1st 3 shots, - I

7/ had no trouble in making long lists of holes in this story. My husband came up with ~~three~~ - I feel worth mentioning: "Unless it was pure reflex action - why did the person shooting from 6th flr. T.S.B.D. window eject the 3rd ~~shell~~ of full shell? Speed would have made him leave it in the rifle". Also "if Mr BRENNAN claims of person doing shooting, standing back a foot to survey his handiwork - why did a person this slow - not bend down & pick up the hulls?" I believe for the same reason - no hulls were found behind fence on grassy knoll - they were meant to be found.

About NOC - affiliation N.O. WDSU; You may know all this - but I will not assume - further duplicated then not at all - In late summer of

3/ 1953 - we lived at 638 Royal & I worked at WDSU 520 Royal as a PBX-Receptionist. Fred worked at Pan American Films in town processing all their film. We knew many people there. Although this is long ago - it indicates the situation that still prevails & explains why they fell in to line, at this time - 1967 - H.U.A.C. & Senator Eastland were at their peak - a man named Herman Zuerneight was - I believe, Program Director at WDSU (TV) he, as I recall, refused to give the newly forming "Citizens Councils" (high class KKK) publicity at the station (they were AM-FM & TV) so covered a large listening & viewing audience - also just a color as N.O. CBS & ABC were nothing then. (I notice WWL/CBS-TV N.O. did fine last night) In any event, Herman Zuerneight - (with no

4/ chance to defend himself. So the usual tactics of the far right prevailed - as throughout that quick period. Edgar B. Stern Jr - the Station Owner - then & now - & the so called leading & leader - N.O. Liberal - did not raise one little finger to stop this. Neither did. Erwin Pooke - Jr - another liberal - who ~~was~~ art Theaters etc - lift a finger - he was then at WDSU (Mgr Ed (think)) - & he may not still be now - But he still lives in N.O. So - all things being relative - ones liberalism & devotion to freedom & justice - in the last analysis - depends upon where one lives - the circumstances & how much one has to lose. I believe Edgar Stern Jr was Jewish. He may not (in 53 or 67) have wanted to top the boat - & have the right wing boycott his station & combine their old - Commy - Zionist - but

5/a run him out of business. This, incidently, was my first introduction onto the right wing - Left Wing - battle ste deal - I later went to a court procedure of Eastlands committee & saw Americans thrown out bodily & a so-called ex-Communist's word taken as gospel. It was sickening & started me on my many years of interest in the fascist movement & no doubt was the reason. I felt so strongly at the the first word - of President - shot - on Nov-22.. that - they, the fascist, had finally made the big move they had been looking for a chance to make for - two decades.

Fred had a very close friend - all the way to grade school - The friendship goes - who was & still maybe - a projectionist at WDSU. He might still be there & I have heard something

MISS 8 1961

6/ of interest. He is not listed in phone book in N.O. But if you'd like I'd say Tell, write to Mrs [redacted] mother for Lee Harvey Oswald. If he's still there he no doubt has a higher position by now & for an old friend just might say something worth while - It's away out shot - But, those kind seem to do as well at the things that should bear fruit.

If you appear close to us again - to talk - please let us know - I can assure you the local news media does not tell us of your speaking date in Ohio or neighboring States.

I would be so greatful to have any books - you finish - as soon as possible & I will remit postage & book fee - post haste.

Incidently - that "quick" shot of Oswald - after theater capture - I toured the shirt - he had on in Altgens. TSBD - entrance

4/ picture - naturally no reference on program - actually - you might say - the Warren Comm - Report - was filmed in living color - with favorable changes made by writers - re: witnesses & evidence; next it will be shown at our neighborhood Theatres "uncut" & at reduced prices for the mass consumption of the great American public - whos Government - wants to keep them informed & would never think of brainwashing them - like they do in the non curtain countries - Only - the "free" word - Greece - Spain - South Vietnam & South Africa Etc have such a free - open - & true - flow of information - where - oh nope - don't we lucky?

I wonder what Herman Lonesight is today. Lumox had it - he joined the Hollywood 10 - after the McCarthy hearings

&/ and went to Europe & then N.Y.C. He might be interesting to talk to - He was a good man in his field - & no doubt - no more "Commys" then you or I. Although before this is all over - another McCarthy may emerge & lord knows what will become of us all.

WBC. said "qualified" researchers may have privy to this shown & unshown tapes - I wonder if this means you & you will avail yourself. WBC also says - Garrison refused to appear on this show - If this is true - one wonders - what they would expect when the man has a trial on session & was treated thusly.

I also hope you take the same right as Commander Hume - this you should demand! No one person - should be allowed to see those X-rays & testify alone - Especially when the

P/ one man was Humes.
Why is it always -
Lane & maybe Epstein
They call upon - (the networks + 4th)
Do they
even call on you - or are
they afraid to - or do they
& you refuse?
I'm - in a better frame
of mind now - hearing from
you & knowing you will
never give up & you even
expect a not-too-long - struggle
to all your efforts - This seems
impossible - But if you say so
I believe you. I realize now -
that only someone who ~~feel~~ feel
feel as you do - could have
started this in the first place -
& ~~Most~~ of all - gone on with
it in the face of the greatest
counter - attack - in history.
The greatest honor of my
life will be to meet you
someday - & my family feels
like mine - My best to you & your wife
Sincerely Jos Hatfield

P.S.

Believe it or not - ordinarily - I am not a prolific writer - it takes something that really gets to my very core to bring this on - I only wish I lived closer to you - so I could come & help you in any way - menial or otherwise - I would gladly empty baskets & run errands - As usual the thought without action will help little - I do hope someone close - has helped - Do your neighbors concur with you - Ignore you or actively work against you? Its along these lines that I remembered what Madalyn Murray went thru from her Maryland neighbors in her fight against the Church - Ltr.

13/

P.S. I almost forget - A fellow - I believe - named Ed Nelson - who is now DR. (Somebody?) ON the "Peyton Place" Soap opera - evenings - twice a week - ABC, I think - Was also working for WOSU - ND when I was working there was there when I left. When he got involved as "talent" rather then - administration - on the network level - I don't know - Just mentioned it for what its worth - Probably "0".

L/H

This must present a terrible dilemma to the Right Wing - Now how can they call the Eastern Liberal Establishment Mass Media - "Left Wing"? This + the paradox of the Arab - Israeli - war - must be almost too much for them.

I can't help but
wondering -
what
Edward R. Murrow
would do if he
were alive today -
I just can't believe
he would "sell his soul
to the devil" as the
last Lone Lone -
But once again -
"We all stand one Price"
Except - you -!!!
I am you been "pressured?" if no.
I wonder if you will be?
I wonder how you will be - if you are,
Is your wife behind you? come what may -
If any - the rest of your family behind you,
Are you or your loved ones untraceable?
I know your too busy to answer -
I just wanted you to know - all
the things I wonder & worry about
in your behalf -

12/ I Do hope Garrison - has returned my letter to you - I sent You & you sent him - His files seem to be public property -

Pro-log - CBS. 4th Episode over ——

Well - The Govt. P.R. Firms - NBC CBS have Really knocked themselves out - You can't take the "E" for effort from them, for some - it will work - for others (we paranoid - conspiracy types) won't swallow it (although - their "cute" Right Wing analogies) - were just too much.

I hope you recorded all NBC & CBS - McCloy got the last word - except for Severeid's & Cronkites emotional, illogical pleas.

I think the personality cult - of Nixonian - has reached its Zenith - I expect to see them in the movie version - playing - Oswald & Ruby - before this is all over - It moved be funny - if it weren't so terribly frightening.
